PRIVACY AND SEMI-PRIVACY ALUMINUM FENCES

VANGUARD
ALUMINUM FENCES

VANGUARD ALUMINUM PRIVACY FENCES

American-made Vanguard aluminum Privacy and Semi-Privacy Fences are low-maintenance, long-lasting solutions for creating boundaries — both physically and visually. They're an attractive, durable way to establish borders between properties, conceal unattractive utility equipment or garbage, and create a clean, contemporary visual aesthetic.

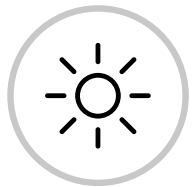

Color appearance in photos and swatches can vary depending on lighting. For most accurate color, please request a sample.

The Advantages of VANGUARD ALUMINUM PRIVACY FENCES

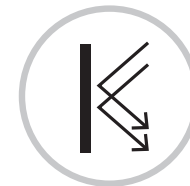

LOW MAINTENANCE

There's no need to ever refinish or repaint a Vanguard fence. Just spray or wipe to remove accumulated dust or dirt.

FADE RESISTANCE

TGIC powder-coating meets AAMA-2604 standards for superior resistance to UV and sun fading, humidity and salt spray.

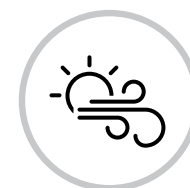

TEXTURED, SCRATCH-RESISTANT PAINT

Our Signature series features a textured matte surface with a higher resistance to scratches and marring.

STURDY LONG LIFE

Our fences are built to stand the test of time and are protected by the Vanguard lifetime warranty.

HEAT AND WIND RESISTANT

Our aluminum fencing does not warp in hot climates and is sturdier than alternative materials in extreme weather conditions and wind.

MADE IN THE USA

Our fences are built in our state-of-the-art facility in New Jersey with processes that eliminate product deficiencies and inconsistencies.

THE VERSATILITY & FUNCTIONALITY OF VANGUARD PRIVACY & SEMI-PRIVACY FENCES

CONCEAL GARBAGE CANS

Store garbage cans behind a privacy enclosure to hide them from view. Sections are available from 4 to 6 feet high, with gates as wide as 73", making them a great enclosure for concealing small dumpsters in multi-family and commercial settings.

CONCEAL POOL EQUIPMENTS/PUMPS

In an outdoor pool setting, heat- and chemical-resistant privacy fencing can conceal and protect pool pumps, plumbing and other equipment.

SMALL RESIDENTIAL YARD FENCING

In a residential setting, Vanguard Privacy Fencing creates a comfortable, safe enclosure with limited or no visibility into a personal space.

CONCEAL OUTDOOR HVAC UNITS

As a wall, a three-sided structure or an enclosure with a gate, privacy fencing helps conceal heating and cooling units and other outdoor utilities.

HOUSING UNIT PARTITIONS

Privacy fencing provides an appealing physical and visual boundary between townhouses, brownstones and other housing units.

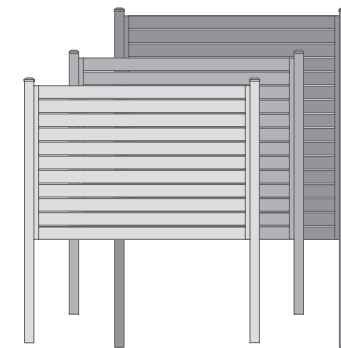

Color appearance in photos and swatches can vary depending on lighting. For most accurate color, please request a sample.

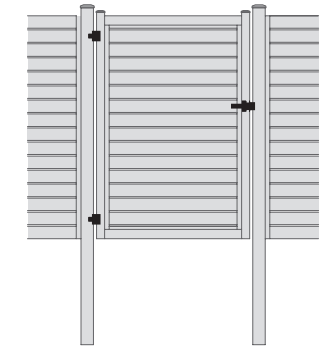

SEMI-PRIVACY FENCING

Our semi-privacy fencing features a 1/2" gap between horizontal pickets for limited visibility through the fence.

STANDARD SIZES

Sections are available in heights of 4', 5', and 6'. Standard section width is 71 3/8" wide on center of post (68 3/8" between posts).

GATES

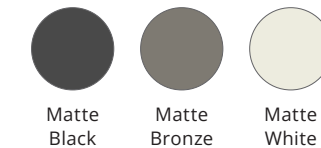

To meet the needs of your application, a variety of gate widths are available: 37", 49", 61", and 73".

SECTION COMPONENTS

Posts, vertical rails, horizontal pickets, post caps.

COLORS

Available in matte finish.

Color appearance in photos and swatches can vary depending on lighting. For most accurate color, please request a sample.
