# VANGUARD RAILING

The right railing enhances your porch or deck the way a frame complements a painting.

Durable, high-quality aluminum railing by Vanguard gives your home exceptional beauty that will last a lifetime without a lifetime spent in time-consuming maintenance.

# HOW TO ORDER

Choosing and ordering the right Vanguard aluminum railing for your porch or deck is easy. Just follow along with these four simple steps to achieve the ideal look for your home.

## 1 SELECT YOUR RAILING STYLE

Looking for a sturdier, bolder top rail and post that complements the architectural style of your deck and home? Or do you prefer a streamlined look? Both choices are stable and sturdy.

The pickets are identical, but the impression of each railing is distinct.

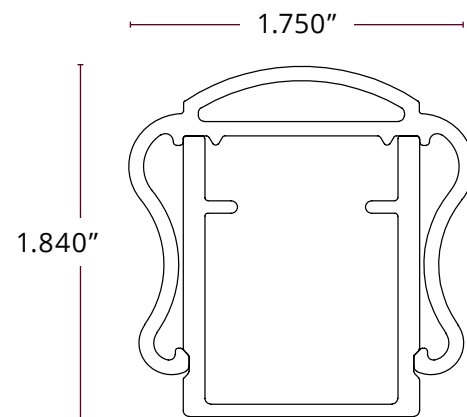

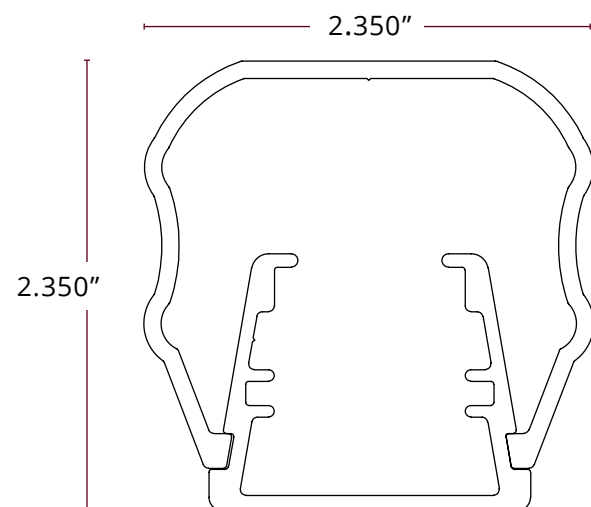

### BOLD DECK RAILING

With its wider and taller top rail, our bolder deck railing option conveys stability and strength. It is ideal for decking applications.

### STANDARD RAILING

With its more narrow top rail and post, our standard railing option offers a sleek look with clean lines and less contrast between pickets and railing.

### SELECT YOUR COLOR

Choose from four colors. All of our super-durable TGIC powder-coated colors are applied in an eight-stage finishing processing that includes testing to ensure uniform color, gloss, consistent thickness, and resistance to impact, abrasion and chemicals.

### SELECT YOUR PICKET

Choose between our square picket and the square picket with a decorative collar for a subtle, yet distinctive style difference.

#### PICKETS STYLES

A. Square Picket

B. Square Picket with Decorative Collar

Note: When you choose pickets with the decorative collar, they alternate with square pickets.

### SELECT YOUR CAP

The post cap you select can add a final, dramatic touch to your design. Choose from a functional Flat Cap or a decorative Ball Cap.

#### FLAT CAP

Unobtrusive and clean, our Flat Cap has beveled edges.

#### BALL CAP

Our Ball Cap adds a traditional, time-tested look to your railing.
